Current events. Sister M. E. Donald read article from the October Readers Digest intitled To Uncle Sam, with Love. Each morning the mail baskets in the Treasury in Washington overflow with outright gifts for Uncle Sam. Jeeps, guns, airplanes pile in by the dozens. Conveyed in the form of checks. The gift movement is spontaneous. The Government has done nothing to promote it. Yet in 5 months 4 million dollars poured in.

Most of the money is given for a specific thing, and the money is used exactly as specified by the donors.

Every gift even a penny is acknowledged and donors of more than 5¢ receive engraved citations.

Sister Todd read article.

The Army has found that dogs make first class air plane spotters. They can hear an approaching ship long before the human ear detects it. She also read.

Ordinary chocolate bars melt at 85 degrees and get sticky on a hot day. The Army now has developed a chocolate bar for soldiers that is unaffected by heat up to 120 degrees. This Committee always has very interesting

P. M. April 3-1944.

Regular meeting of the Grange was held on the above date W. M. Louella Rotner

presiding. Roll call found absent. Stewart Chaplain. Gato keeper. Officers present Stewart Leonard Shindam Chaplain Elizabeth Bishop Gato keeper Walter Weeks. Lady Let Stewart. Minutes of the last meeting were approved as read.

Legislative. Bro Sutton reported the soldiers ballot has been passed and they will be allowed to vote this fall.

Tax. Bro Tuleington reported there is talk of raising the gas tax from 3 to 4 c.

Poultry. Bro Luther Weiss reported on acct of illness. Broody of Bro Dick is being sold.

Dairy. Bro Carson Whittatch reported of this means keeps up it will mean a million dollars to farmers. The subsidy milk price for March and April has been raised from 50 to 60¢. He was sorry to know the National Market is opposed to subsidies. Kind of cheer the Dairyman town.

Relief. Sister Perry - reported Bro Davis very bad with Bronchitis. His high heart and blood pressure is better. Sister Zuville has had a heart attack. Bro Buckholder better. Sister Foye about same.

Current events. Sister M. Donald read article of little Norwegian girl 8 years old. Mother killed. Dad taken prisoner. After 2 years Dad was to be executed and the girl was taken to visit him. He still wore his civilian clothes and when brought to see the girl - he gave her the wink not to recognize him which worked grand. The little girl was so clever in pretending not to know the Dad he was able

to make his escape. Sister Todd read Article relating the experience of the Police in Port Washington when house wives complained that crows were stealing clothes pins and newly hung laundry and attacking any one who tried to drive them off. They even swiped part of the windshield wiper on Police Car and other crows picked at Police mans hand so he couldn't interfere. They had established their hidden headquarters somewhere near the police station.

Report of Special Committee. Bro. ~~Shaw~~ reported the Committee appointed to investigate and report on the proposed new Hall. had met at his home Saturday evening. The Committee all agreed that we should build one that we could all be proud of. He is opposed to a hall on the ^{main} ground floor such as Bellevue Two Rock. Windsor Bennett Valley as the work of the grange can be heard plainly by outsiders.

A two story building would better serve grange purpose, at the cost would be cheaper. The proposed plans called for hall 38 by 76. The main Hall room with stage up stairs. Kitchen reading room, and a place for juvenile grange downstairs. He reported W.M. did not stay through the meeting on account of another engagement. He and Bro Phelps had figured on the plans and agreed

haven't decided on the outside finish.
 I guess at the actual cost about
 \$4,500 with the largest part of the
 work to be done by the Grange members.
 As the Lecturers program was ready, Reeves was
 declared and the discussion to continue
 after we take up again. Sister Turkington
 Lecturer presented Mr Nelson who is
 from the Cold Storage Plant. He told of
 the beginning, growth and present
 facilities of the plant and gave credit
 to the Community for the growth of the plant.
 This plant is rated as No. 1 plant in Calif
 by the University of California. He added
 freezing plants in the future have a
 tremendous possibilities. All enjoyed
 his talk and Sister Turkington thanked
 Mr Nelson for coming. Called to order.
 Hall discussion continued. Bro Phelps
 thinks we should all have a say
 whether we pass or oppose the building
 which they did. W. M. called on each member present to
 express their views; after which it was
 moved and decided to lay the matter over until
 the first meeting in May for final disposal
 and carried. Bro Luther Weick suggested we find out who
 signs the note for borrowing money for Hall and who
 is responsible for the same. W. M. appointed
 Bro Weiss a committee to find out about it.
 Bro Sheidman stated the State Grange
 has an Attorney who can inform us and
 no cost to the Grange. Bro Sheidman
 reported he thought it would be a good
 idea to send letter of information about the
 Hall to all members. A have a call meeting
 for this purpose.
